PRINCE PASSES THROUGH NEWARK ON SATURDAY

DUE IN THIS CITY AT 3:15 IN THE
AFTERNOON.

PRINCE ENTERTAINS TONIGHT.

Visited the Annapolis Naval Academy
and Lunched There This Noon.
The Day's Program.

A message from Pittsburgh today
says that the special train bearing
Prince Henry of Prussia and his party
will leave Pittsburgh Saturday at
11:20 a.m. and a half late on No.
19's time. If it leaves Pittsburgh on
time and runs according to schedule
the train will pass through Newark at
3:15 Saturday afternoon.

It is not probable that the train will
be late and as the Prince has been
very democratic in appearing before
the crowds which gather at the places
through which it passes, it is likely
that Newark people who are at the
depot will get a chance to see His
Royal Highness.

TODAY'S PROGRAM.

Washington, Feb. 28.—Prince Henry's
program today includes a visit to
Annapolis naval academy and luncheon
there at noon. This afternoon he
will return to Washington and pay
a farewell visit to the President. This
evening the Prince will entertain a
number of distinguished guests, in
cluding the President at dinner in the
German embassy.

OFF FOR ANNAPOLIS.

Washington, Feb. 28.—Prince Henry
and his party left Washington for An-
napolis shortly after 11 o'clock this
morning.

AT WASHINGTON'S TOMB.

Washington, Feb. 28.—Prince Henry
or Prussia journeyed to Mount Vernon
yesterday afternoon and placed two
wreaths in the tomb of Washington.
He approached the grave of the first
president with bared head, and that
there might be nothing irreverent in
the ceremony, asked the holders of a
dozen cameras who stood around to
refrain from photographing him.
When the iron gate of the tomb was
opened, he removed his cap and en-
tered. Two large wreaths made in
Washington by his order had been
sent to the tomb and, taking them up,
he formally set them in place. A group
of over 100 men that stood in the ap-
proach to the grave uncovered and
that with their silence added to the
spirit of solemnity.

Fifty feet down the sward that falls
away from the tomb, Prince Henry
planted a linden tree. The tree had
been set in place prior to his arrival
and, taking a spade the prince filled
the earth in around its roots.

DIED WITH PRESIDENT.

Washington, Feb. 28.—Prince Henry
accompanied by Ambassador Von Hol-
lenben dined with the President and
Mrs. Roosevelt last night. It was un-
official and informal.

PRINCE AT FINDLAY.

Findlay, O., Feb. 28.—A movement
has been started by oil men to have
Prince Henry stop here and see the
shooting of an oil well. He passes
here on his way east on March 6 and
an invitation will be extended to have
the train stop a few minutes. Several
oil men have offered their wells for
the exhibition.

PRINCE INSURED.

New York, February 28.—Insurance
against assassination is one of the new
ideas Prince Henry has brought to
American shores. He carries a policy of
\$300,000 against assassination, and is
said to be the only man in the world
so insured. The Prince's brother, Em-
peror William, carries a life policy of
\$7,000,000. King Edward's life is in-
sured for \$3,000,000. The Czar of Rus-
sia and his immediate family are in-
sured for \$8,750,000.

Prince Henry did not take out the
assassination policy through apprehension
of what might happen in Amer-
ica. This policy was taken out some
time ago when he sailed for China in
command of the German fleet. He has
entertained no fear of harm on Ameri-
can soil.

G. R. Taylor, a well known citizen
of Licking township is recovering af-
ter a severe attack of the grip.

HUSBAND

Sues Millionaire for Alienation of
Wife's Affections and ex-Wife
Wants Damages Too.

Niles, Mich., Feb. 28.—Clark S. Holiday
has just commenced suit for \$20,-
000 against Lagrange R. Anderson, a
cash county millionaire, for alienation
of his wife's affections. Holiday's
former wife sued Anderson for \$100,-
000 for breach of promise. Mrs. Holiday
alleges that at the solicitation of
Anderson she secured a divorce from
her husband, and that Anderson then
refused to marry her.

ROOF FELL

Killing Two and Injuring Two Others
One Probably Fatally at Chicago
This Morning.

Chicago, Feb. 28.—By the collapse
of an immense galvanized iron furnace
reroof on the plant of the South Chicago
furnace company this morning, two
men were killed and two were injured,
one probably fatally. The dead are
Michael Jakular, Frank Russell. Injured
James Thomas, may die; Patrick
McLaughlin, leg broken.

MORE TROUBLE

SPANISH RIOTERS CONTINUE THE
DEPREDACTIONS.

Cabinet Considering Proposition of
Buying Rapid Fire Guns to Use
in Streets.

Madrid, Feb. 28.—Strike troubles
have broken out afresh, in some sec-
tions of Spain. Rioters in the town of
Majadillas, near Toledo, today entered
the post office and cut the tele-
graph wire at Almonacid.

The mining regions of the country
are in ferment as a result of strike
agitation, and it is feared that a gen-
eral strike in these regions will be de-
clared tomorrow.

Madrid, Feb. 28.—(Bulletin)—The
cabinet has summoned a member of
the Crozat gun firm with a view to
ordering a quantity of rapid fire ma-
chine guns, available for use in the
streets should the strike disturbance-
es be renewed.

FAIRY SUIT

IS DECIDED IN FAVOR OF THE
COLORED PORTER,

Who Receives \$100,000 From the Es-
tate of Mrs. Eliza Jane Evans,
Whom He Nursed.

New York, Feb. 28.—By a decision of
Surrogate Fitzgerald, George W.
Thurston, formerly a negro porter on a
Pullman car, between her and Boston,
receives \$100,000 from the estate of
Mrs. Eliza Jane Evans, and a fam-
ous will case is settled.

Mrs. Evans was divorced from her
husband in 1882. She was a sickly wo-
man, and at various times had been
an inmate of sanitariums. In 1885
while traveling from Boston to New
York she was taken sick and Thur-
ston, a car porter, cared for her.

She invited him to call on her. He
did and soon a warm friendship sprang
up between the white woman and the
colored man. When Mrs. Evans died
she made Thurston her heir and exec-
utor. Her husband contested the will,
but Surrogate Fitzgerald said that the
former porter was entitled to the es-
tate because he had nursed the wo-
man, and because he had attended her
when she was ill.

Eben-Jakeway.

Mr. Alfred Eben, a well known ton-
sil artist of this city and Miss Dol-
lie Jakeway, also of this city, were
married on Thursday evening. The
ceremony was performed by the Rev.

J. N. Miller, at his residence, 37 Gran-
ville street, at 6:30 o'clock. The happy
couple have many friends in Newark
who extend their congratulations.

G. R. Taylor, a well known citizen
of Licking township is recovering af-
ter a severe attack of the grip.

TRIAL

OF DR. AURNETT ON CHARGE
OF MURDER.

CHICAGO CASE THAT IS WITHOUT
A PARALLEL.

HE HAD AGREED TO SUICIDE

With Mrs. Nichol But the Morphine
Did Not Work Properly in
This Case.

Chicago, Feb. 28.—A jury having
been secured to try Dr. Orville Bur-
nett, the handsome dentist-athlete, on
the charge of murder in aiding his par-
tner, Mrs. Charlotte Nichol, to com-
mit suicide, the taking of testimony
was begun today.

The intense loyalty to her erring
husband displayed by Mrs. Burnett has
earned for her much sympathy and the
prosecution fears that her presence in
the court room will have considerable
influence with the jury.

Every dollar which could be raised
by the sale of her home and its ap-
pointments and a part of her ward-
robe, her earnings as an employee in
a studio, have been turned over to
Burnett for his defense.

She has fully forgiven him for the
wrongs he has done her and he has
promised to return to her if he is ac-
quitted, which now seems assured.

In criminal annals there are only
three cases which are anyway in point
with the charge pending against Bur-
nett. Two of these are old English
cases and they were decided against
the defendants. The defense claims
that a parallel American case is fav-
orable to Burnett.

Chicago, Feb. 28.—Dr. Orville Bur-
nett, faces jury which is to try him
on the charge of responsibility for
the death of Mrs. Charlotte Shoup
Nichol of Nashville, Tenn., with whom
it is said, he agreed to die at the Hotel
Marlborough. The defendant was
found suffering from the effects of
morphine beside the body of the wo-
man, who is believed to have succumbed
to a fatal draught of the same drug.

At the outset of the trial the prosecu-
tion finds itself confronted by sev-
eral unusual difficulties. The charge
against the defendant is based on the
theory that he and the woman agreed
to die together and that as a party to
the suicide agreement he was respon-
sible for her death as accessory before
and after that fact.

The evidence of the suicide agree-
ment is a note left by the woman and
statements alleged to have been made
to the police and others by the defen-
dant shortly after the discovery of the
tragedy. These statements will be ob-
jected to by the defense on the ground
that they were uttered while Burnett
was under the influence of morphine.
There was no post mortem examina-
tion of the woman by the coroner's
physician, as autopsy having been
omitted because there seemed to be
no question at the time as to the cause
of death.

Mrs. Nichol left a note in which she
said that she died because she loved
Burnett better than anybody on earth
and that they could not bear to be sep-
arated.

W. L. Nichol, husband of the dead
woman, is ill in Nashville and is rep-
resented in the case by W. D. Higgins
a friend, who came here to make identi-
fication of the dead woman before
the jury.

Despite the fact that the sanctity
of the home will figure largely in the
trial, the defense accepted married
men as jurors without a challenge.
No nomination was given of the line of
defence contemplated.

Burnett presented a good appear-
ance in court and took a keen and
lively interest in the work of his coun-
sel.

GUNNERS GREW DESPERATE.

Concourse, B. C., Feb. 28.—Sixteen
starving miners yesterday seized all
the property of the Northwest Cigar
company on Texas Island, and are
holding possession of it. They have
not been paid for two months.

ART SIMS WON.

Hot Springs, Ark., Feb. 28.—Jack
Carr of Gleason, N. Y., was knock-
ed out in the eighth round here last night
by Art Sims of Akron, O. The battle
was fast and vicious and both men
were on the verge of collapse when
they went to their corners at the end
of the seventh round.

FITZ BEGINS TRAINING.
New York Feb. 28—Bob Fitzsimmons
has returned from Chicago and has
begun regular training at Bath Beach
for his fight with Jim Jeffries.
Fitzsimmons has engaged Fred
Fleck's pavilion as training quarters.

CANAL BILL

Canal and the Anti-Canal Forces in
the House Seem to be Evenly
Matched.

COLUMBUS, O., Feb. 28.—That the ca-
nal and the anti-canal forces in the
House are pretty evenly matched was
shown Thursday afternoon when the
resolution offered by Senator Hosea
was the subject of debate.

The resolution provides for a joint
meeting of the House and Senate on
March 18 to discuss the canal question,
and that all measures pending before
either house be allowed to lie over
until after that time. Mr. Comings of
Lorain moved the suspension of the
rules and the immediate passage of the
resolution. Messrs. Painter, Middle-
swart and Cain opposed this, saying
that the resolution was only a scheme
to kill the Painter bill and to prevent
any action on the canal question at
the present session. Messrs. Myers of
Montgomery and Price of Athens sup-
ported the resolution and there was a
prolonged debate. On the question of
suspension of the rules the vote stood
55 to 35, and the resolution will come
up again today.

The Senate adopted Senator Hosea's
joint resolution providing that the two
houses shall meet in the House March
17 at 10:30 a. m. and sit as a commit-
tee of the whole to hear discussions
upon the proposition to abandon the
canals of the State.

POPE'S JUBILEE

Bishop of Columbus issues Instruc-
tions to the Clergy.—Mass Cele-
brated on March 3.

COLUMBUS, O., Feb. 28.—Bishop Mo-
ller of the Columbus diocese has is-
sued a circular letter to the clergy
calling their attention to the silver ju-
bilee of Pope Leo XIII, which will be
celebrated throughout the world in all
the Catholic churches, beginning on
March 3, the anniversary of his cor-
onation.

"Use all means, no matter how rad-
ical, to prevent this marriage."

Mrs. Noye became so alarmed that
she feared the family opposition would
go so far as to seek the interference
of aency commission. Last week
Cook and his intended bride consulted
Rev. E. Winchester Donald.

He assured Mrs. Noye that she had
the indisputable right to marry whom
soever she pleased, approved of her
plan, but advised that a marriage not
take place without sending notification
to the son, Mr. Mould.

On the day before the date of the
ceremony the granddaughter, Miss
Nellie Mould, called on Rev. Dr. Don-
ald and pleaded with him to use his
influence against the union, and was
so insistent and wrought up that she
became ill. It was not until Tuesday
that Mr. Cook and Mrs. Noye made
final plans for the ceremony and fixed
the time for Wednesday. Dr. Don-
ald consented to officiate, and nearly
all the guests were seated in
the church when Mr. Cook led his
bride to the altar.

Both were somewhat nervous

because of the fear that Mrs. Noye

might be taken away by some process

of law.

Their fears however, had not pic-
tured so sensational a scene as that
which actually happened. When in
the marriage service Dr. Donald re-
ached the sentence which asks "If any
one knows why this man and woman
should not be joined together let him
or her now speak or forever after
hold his peace." the clergyman paused
for an instant without expecting any
reply to the interrogation. From on
of the pews a strong voice almost
shouted:

"There is good and sufficient reason
why this marriage should not pro-
ceed."

From altar and pew, participant

s and witnesses, turned to see the

promised.

SALISBURY MAY RETIRE.

SALISBURY, ENGLAND, Feb. 28.—The London

correspondent of the Sheffield Dal-

Telgraph states that the retirement

of the Marquis of Salisbury from the

prime minister is imminent.

**FACTS AS TO WATER WORKS.**

Must be Fairly Presented in Order
That the People May Not be Deceived and Misled.

Any misrepresentation of the plain facts and actual conditions involved in the water works proposition submitted to the voters of Newark at the coming spring election, must not be permitted.

The Advocate proposes that the people of Newark shall have the truth and nothing but the truth, in order that every voter may cast his ballot intelligently and thus protect and promote the city's best interests.

The city council has proceeded according to the strict letter of the law in every step that has been taken.

The question submitted by the council to the voters could not be legally submitted any other way than the manner in which it has been done.

Every member of the council present—Democratic and Republican—voted for the ordinance, submitting the question.

In short the council has submitted the question to the people the only way that the law provides.

Let this fact be perfectly understood by the voters of the city.

Then let every voter consider the needs of a better and more extended water works system for our growing city. What the city actually needs is the all important question.

Whether a complete new water works system is constructed or whether the old one shall be purchased at the necessary extensions and improvements added to it, the city must first be given the power by the adoption of the proposition on which the people are to vote at the coming spring election.

There are 120 streets in Newark that are not supplied with city water—it will require 17 miles more pipe than that possessed by the present water system to properly supply the people and a proportionate increase in the number of fire plugs in order to furnish adequate protection.

The importance of these facts must not be dwarfed.

The voters must not be misled.

The House committee on territories has unanimously resolved to recommend the admission to statehood of New Mexico, Arizona and Oklahoma. New Mexico and Oklahoma are now represented by Republicans as delegates in Congress, and Arizona is represented by a Democrat. As States of the Union the political complexion of all three would be extremely doubtful.

Party, however, should have nothing to do with their admission, the other requisites being met.

There has always been some doubt as to the opinion of President McKinley in the early stages of the Philippine controversy as to the future of the islands. Senator Wellington, of Maryland, was at first disposed to vote against the treaty, but he has made this statement:

"A few days before the vote was taken I called upon him (the President), at his request, in company with a senatorial colleague, and the question of the treaty was discussed at length. The conclusion then reached was that I would abstain from amending the treaty and that I would cast my vote for it. This was agreed upon the assertion of the President that it was not his purpose permanently to acquire or hold against the consent of the inhabitants of the Philippine Islands."

He is his purpose only to restore order by American arms in the contest then being waged and to prevent foreign interference in the affairs of the archipelago. This was the understanding, and upon that promise

I voted for the ratification of the treaty—without my vote it would not have been ratified. The treaty was ratified, but the promise of the President was not fulfilled."

On Monday Senator McComas, the colleague of Senator Wellington, gave a broad denial of this statement, and a polite lie was exchanged between the two senators; but Senator Wellington reiterated his statement, and further said he believed "the President of the United States meant to carry out his promises when he made them, but by his sinister and malign influences which surrounded him he was gradually taken away, and that he did drift, drift."

The excitement in the Senate over the Tillman-McLaurin incident led the president of the Senate, Senator Frye, of Maine, to a decision he has recalled.

The two senators being in contempt,

he decided that their names should be excluded from the roll call, and

a State of the Union therefore deprives of its equal representation in the Senate. Possibly that may be done by a vote of the Senate, which has the right to expel senators for good and sufficient reasons by a two-thirds vote;

but it was entirely too great a power to be placed in the hands of one man.

Senator Tillman's energetic protest appears to have had its effect. Sometimes important legislation is enacted or defeated by one vote.

How to Care For "Dick."

An equable temperature and immunity from drafts, with proper food, will insure the health of a canary. A cuttlebone upon which to sharpen the bill and keep it from getting too long and plenty of gravel are essentials. The red gravel, because of the tonic property of the iron in it, is considered best. Besides the proper mixture of seed, which should not contain hemp, there should be variations of diet in the way of a yolk of a hard boiled egg, chickweed, watercress, lettuce, etc. A dash of cayenne pepper blended with the egg will please the little epicure. Apples and figs are excellent occasionally, but if there is evidence that too much of these has been given their effect may be counteracted by bread or cracker dipped in hot water which has been poured over black pepper. The cage should be partially covered every night to provide against a fall of temperature, and it is not well to hang canaries out of doors and thus subject them to the sun and wind. Between August and November is molting time, and the birds are particularly subject to asthma and colds then, although throughout the year these are the chief ailments to which they succumb.

How to Clean the Bath Sponge. Before using a sponge beat it and soak it well; then let it lie in cold water all night. Next day rinse it through two or three fresh waters to remove all sand and dust. When, after using some time, it becomes sticky and soaky, soak it in warm water with ammonia in it, a tablespoonful of liquid ammonia to a pint of water being the correct quantity. Let it lie in this an hour; then rinse in warm and then in cold water. Set it in a current of air to dry. A sponge should always be set where it will dry thoroughly. It is a good plan to hang it in a large meshed net or in one of the netted sponge baskets that are made to fit on the wash stand.

Snapshot X Ray Apparatus.

An X ray photograph can now be taken in one second, instead of the tedious and exhausting exposure of from half an hour to sometimes two hours. This is the invention of Dr. H. P. Pratt of Chicago. One of the greatest features of the new discovery is the aid it gives the surgeon in critical cases, when a patient is very ill or nervous, and long exposures frequently resulted badly.

Lunar Volcanic Activity.

The unsolved problems of astronomy are legion. For instance, we do not yet know whether the nearest of all celestial bodies, the moon, is absolutely dead and abandoned or not. Within three months past one astronomer, M. Charbonneau of Meudon, has seen, as he and his assistants aver, an active volcano on the moon, with clouds of dust or vapor floating over it.

Bones and Character.

Strength of bone structure is said to be allied to honesty and reliability of mind. The prominent bones in Lincoln's face and body are cited to prove the bone honesty theory. The physiognomists say that large men whose bones bear a full proportion to the other parts of their bodies will be found to be decided, firm, honest and enduring.

A New Rifle.

A new rifle has recently been tested at the Thames range, in England. The striker is almost entirely concealed within the bolt. It receives its energy from a hammer operated by a flat spring, both hammer and spring being within the lock. Unlocking the bolt cocks the gun. The rifle's action is very rapid.

Health Giving Scents.

All the citrine scents—bergamot, neroli, orange flower water—are refreshing and in a degree stimulating if properly prepared. To make a lasting perfume some animal base is essential—musk, civet or ambergris. If the base is too strong, it makes the flower scent curiously irritant.

ELECTION NOTICE

Democratic Primary Election to be Held on Saturday, March 15, 1902.

Notice is hereby given that at a meeting of the Democratic Committee of the city and township of Newark, in the County of Licking and State of Ohio, held on February 21, 1902, it was ordered that the election for the nomination of candidates for city and township officers shall be held by the Democratic party of said city and township under the provisions of the Barber and Seitz laws.

The following rules shall be observed in conducting said election:

The election shall be held on Saturday, March 15, 1902, and the polls shall be kept open from 9 a. m. until 7 p. m., standard time.

All Democrats who supported the Democratic ticket at the election last fall and all young young men who have reached the age of twenty-one years on the day of election and promise to support the ticket that day nominated are entitled to vote at said election.

In the Third, Fourth, Fifth, Sixth and Eighth wards where there are members of the Board of Education to be elected, all women who are over 21 years of age and who will support the Democratic nominees for Board of Education may vote at the Primary Election.

There shall be voted for at said election candidates for the following officers, viz:

One Mayor.

One Cemetery Trustee.

One Township Clerk.

One Township Trustee.

One Constable.

One member of the Board of Education from the Third, Fourth, Fifth, Sixth and Eighth wards.

One Councilman from each ward.

One Assessor from each ward.

One Assessor from Newark township.

Also three persons from each ward and Newark township as Central Committeemen.

That the said election shall be held at the usual places of holding elections in said wards and township.

That said Supervisors shall meet at the Convention room of the Court House on Monday, March 17, 1902, at 10 a. m., in the presence of the Democrats there assembled, count the votes cast at said election and declare the result.

The following Supervisors have been selected to conduct said election:

First ward, James Sheridan.

Second ward, J. Woold.

Third ward, (N. P.) J. R. Baker.

Fourth ward, (S. P.) D. F. Gormley.

Fifth ward, (N. P.) Edwin Haugh.

Fourth ward (S. P.), J. P. McMullen.

Fifth ward (N. P.), Charles Bader.

Sixth ward, Cliff Rosebrough.

Seventh ward, James Burns.

Eighth ward, J. L. Grasser.

Newark township, W. C. Barnett.

D. F. GORMLEY, Chairman.

MAC MOSSMAN, Secretary.

Cheap Colonist Rates to the Northwest.

To Oregon, Washington, Idaho, Montana, Utah and Northwest Wyoming the Burlington Route will sell very cheap tickets every day during March and April from Chicago, Peoria and St. Louis.

If you want to get there in quick time, comfortably, yet with the least expense, ask your ticket agent about our chair car and tourist sleeping car service, or write me for our latest folder, which tells all about it. P. S. Eustis, General Passenger Agent, C. & Q. Ry., Chicago. 2-2142 P.M.

Home Seekers' Excursions.

Tuesdays: February 18, March 4 and April 1 and 15, May 6 and 20, the Missouri Pacific Railway and Iron Mountain Route, will have on sale round-trip home-seekers' excursion tickets to certain points in the West and Southwest at unusual low rates. Final return limit of tickets 21 days. Stopovers will be allowed within transit limit of 15 days going at certain points. For further information, land pamphlets, rates, etc., address A. A. Gallagher, D. P. A., 408 Vine street, Cincinnati.

B. & O. EXCURSIONS.

Excursion tickets are sold every Sunday between all local stations on Baltimore and Ohio railroad west of the Ohio river at rate of one fare for the round trip good going and returning on date of sale.

You are welcome, call me early;

Call me early, mother dear;

and we'll have Vanilla Crystals.

With our pancakes, mother dear.

SEVEN ROOM COTTAGE.

Bright Little House That Can Be Built For \$1,500.

(Copyright, 1902, by G. H. Venn, 4 West Twenty-fourth street, New York.)

A house that is well lighted is a house that appeals to most people, and in the case of the dwelling for which designs are here shown there can be no gainsaying the fact that the rooms have plenty of light and, what is equally important, air. The house is supposed to face a little west or south, giving a bright and cheerful dining room, a kitchen that has the sunshine every morning in the year, but is protected from the fierce rays of the afternoon sun, and two back chambers upstairs with a southern exposure.

The ground floor is a large hall, with a very pretty staircase leading to the upper story. All the rooms can be entered from this hall and are also con-

venient with one another.

The parlor, to the left of the hall, extends out even with the porch and is lighted by a large double window in front and a small window opening on the porch.

The dining room is directly in the rear of the parlor, and the two rooms are joined by a folding door. The dining room has also doors to the hall, kitchen and pantry and is lighted by a large window in the rear. The kitchen is to the right of the dining room and is provided with all the usual furnishings. A stair runs from the kitchen to the cellar.

The bathroom on the second floor is supposed to have open-work plumbing. The cellar has two entrances, one from

needed with one another.

The parlor is the largest room in the house, with a large double window in front and a small window opening on the porch.

ACTS GENTLY

on the system, and has no disagreeable, injurious or irritating effects. It is a fruit remedy that nourishes, fortifies and refreshes. The strengthening and tonic properties of grapes are well-known; when crushed and blended with nature's health-giving herbs their digestive and restorative qualities are incomparably effective in generating

blood, increasing flesh and building up the weakened condition of the stomach, liver and kidneys of men, women and children. It reconstructs the wornout tissues of the nervous system and drives away that tired, languid and ambitionless feeling caused by impoverished blood.

ONE DOSE BENEFITS.

Easy to take because it tastes good. Easy to get because a bottle as large as the common \$1.00 size costs you but 50c. At your druggist, or sent by

Some Consolation.

"Ah," sighed the young widow, "no other man can ever fill poor John's place. I loved him from the bottom of my heart."

"Of course," rejoined the sympathetic friend, "but you know there is always room at the top."—Chicago News.

A Later Disclosure.

She—Told me he could live on bread and cheese and kisses.

Friend—What then?

She—I found out that he expected papa to furnish the bread and cheese.—Argonaut.

For Sale or Rent—Five-room house on Orchard street (Franklin Addition), a desirable home. Buckeye Lake cars will run by the door. Will sell on easy payments. Other houses for rent. C. C. Rankin.

HIGH WATERS

CAUSE THE SITUATION TO GROW VERY GRAVE.

Reads Entering Cumberland, Md., May be Tied up Before Night. Bridges Swept Away.

Port Deposit, Md., Feb. 28.—The Susquehanna is rising rapidly today and people are leaving their homes. The railroad tracks are under water and telegraphic communications are cut off. Towns about are reported inundated.

Cumberland, Md., Feb. 28.—A heavy rain which has been falling since midnight has caused a renewal of the floods and the situation is most grave. Pennsylvania trains are using the B. & O. tracks out of the city. It is believed that before night every railroad centering here will be tied up. The banks of the Chesapeake and Ohio cannot threaten to give way and the lower portion of the city is in danger. Mt. Savage is practically under water and bridges on the Cumberland and Pennsylvania road are reported being swept away. Sewers here are choked and streets flooded. It is still raining and much alarm is felt for villages below. The Potomac is almost out beyond its banks and is rising a foot an hour.

Knoxville, Tenn., Feb. 28.—Thirty hours rain has put most streams in this region to the danger line, with much damage reported. The North Carolina division of the Southern Railway is seriously affected, most trains being annulled on account of over-flowed tracks and slides.

Philadelphia, Feb. 28.—The forecast of another heavy storm today following so closely upon the thaw of last week, promises a disastrous flood through central and eastern Pennsylvania. Telegraph and telephone communication from this city to the outside world is gradually being resumed, but hundreds of miles of wire are still on the ground and another storm may undo all the work of repair. Manufacturing interests are suffering severely from the flood. Three-fourths of the Manayunk mills are idle and will probably remain so for some time. From Ivy Rock to Conshohocken, on the tracks of the Philadelphia and Reading railroad are under water, and workmen are piling stone ballast between the tracks to keep them from loosening. The Pennsylvania railroad or the Trenton cut off is also flooded and the trackmen only by hard labor, saved a washout. Street car service in Trenton, N. J., is entirely at a standstill, the power house of the company being flooded. Advice from Port Deposit, Md., state that the Susquehanna is rising rapidly and people are leaving their homes. Railroad tracks are under water and telegraph communication is cut off. Towns above there are reported inundated. A dispatch from Lancaster, Pa., states that the Susquehanna river fell last night, after having risen 19 feet and breaking the high-water record for 1889 made during the Johnstown flood, but the river is rising again this morning from the floods far above. Lancaster was dark last night because the water had flooded the electric plant. Reports from Harrisburg state that the water there is subsiding.

A SUGGESTION**SNOW SLIDE**

CAUSED AT LEAST NINE DEATHS IN COLORADO.

Carried Away Buildings of Liberty Mine, Near Telluride, Colo., Today.

Telluride, Colo., Feb. 28.—A snow slide this morning carried away building of Liberty Bell mine, causing at least nine deaths. Among the buildings swept away was the bunk house in which were about 70 men, mostly miners. Communication with the mine was shut off. It is feared the death list will be increased.

He Died Game.

Peoria, Ill., Feb. 28.—Joseph Hinkle was hanged this morning for the murder of his wife. He was unalarmed and died game.

On September 18, he carried his wife to pieces. Upon losing his position he ordered his wife to live a life of shame to support them. After threats she complied and then he became jealous. The murder was committed in their home.

CUBAN POSTAL FRAUDS.

Havana, Feb. 28.—The defense in the case of C. F. W. Neely, the postal clerk on trial for misappropriation of Cuban postal funds, has completed its case. Counsel for Estes G. Ratcliffe, Neely's co-defendant, will open their client's case tomorrow.

DIAMOND THEFT.

Amsterdam, Feb. 28.—Huge thefts extending over a long period have been discovered in the diamond trade by the Amsterdamsche bank Max Himen, a well known diamond dealer, is under arrest, and whose thefts amount it is said to \$425,000.

UNIQUE MEANS

TO CATCH A THIEF BUT IT WON NICELY.

Hotel Keeper Used His Wits When Thief Tried to Dispose of Some Stolen Bonds.

Paris, Feb. 28.—A Parisian hotel keeper named Berger has captured a thief in unique fashion.

Berger recently had a quantity of negotiable bonds stolen from him. The thief wrote to the hotel keeper, stating that he would restore the bonds if a thousand francs were placed in a certain hollow tree on the boulevard de Boulogne at midnight last night. Berger agreed to the stipulations and more than kept them. He placed the money in the tree but in addition put a powerful steel trap in the hollow. The thief reached the tree and eagerly thrust his hand in. The trap snapped and there he was held. Berger and the police appeared. They secured the thief, bonds and no less.

Improve the Entrances.

In improving and beautifying a town one time and thought should be given to its approaches. The effect of a first impression is rarely efficacious. Travelers wisely plan their approach to famous cities so as to have their beauties flash at once upon the sight. The foreigner who sails up New York bay will forgive much of the ugliness he will see later for the sake of that first view.

During the evening session, which was presided over by Chancellor Commander George Dayton, short addresses were made by Grand Chancellor Ellenwood and Grand Keeper of Records and Seal Beatty.

At the conclusion of the work a bounteous and delicious lunch, consisting of hot coffee, sandwiches, cheese, pickles, cake and ice cream was served to all present in the banquet hall.

Thus ended one of the most delightful and profitable Pythian conventions. The hall of old 13 has been newly papered throughout by Brother Frank Place of this city, and presents a beautiful and attractive appearance as the result of his superior skill and workmanship.

During the latter part of the evening, and after the conclusion of the banquet, a dance was held at Brennan's hall by Licking Company. U. R. K. P., which was well attended and heartily enjoyed by all present.

CONVENTION

HELD BY THE KNIGHTS HERE THURSDAY

Was a Big Success in Every Respect Program of Afternoon and the Evening.

The District Convention of the Knights of Pythias for the Nineteenth District, composed of the counties of Coshocton, Guernsey, Muskingum and Licking, held in Newark on Thursday, was a complete success in every particular.

The convention proper in the afternoon was well attended and was very efficiently presided over by Mr. George W. Horton, the District Deputy Grand Chancellor. The program as printed in detail in Thursday's Advocate, was carried out in full with the exception that Mr. W. C. Walters of Cambridge was not present to respond to the address of welcome on behalf of Guernsey county.

Judge C. W. Seward made a very happy address of welcome, which was responded to by District Deputies, Manner of Coshocton county, and McDonald of Muskingum county.

The addresses that followed were by Messrs. George Donavin, Grand Master of Exchequer of the Grand Lodge, of Columbus; W. F. Bruce, Grand Inner Guard, of Mt. Gilead; Rev. O. C. Wright, of Columbus; William Beatty, Grand Keeper of Records and Seal, Toledo; and Hon. L. W. Ellsworth, of Marietta, Grand Chancellor of Ohio.

The addresses were all of a very high order of ability, and were listened to with the greatest interest by the Knights who were in attendance at the convention, evoking the utmost enthusiasm.

Grand Chancellor Elenwood, especially, is one of the finest orators in Ohio, and it is always a treat to hear him.

At the evening session of the convention the Amplified Rank of Knight was conferred with full teams and paraphernalia on five candidates. The spacious Castle Hall of Newark Lodge No. 13, was crowded to its utmost capacity, and it looked as if the walls might bulge out. It is estimated that over 400 Knights were present, embracing representatives from all the Knights of this county, and from lodges of Coshocton, Guernsey and Muskingum counties.

Over sixty Knights came in on the evening train from Coshocton and about twenty-five came in from Johnstown, the latter lodge, which is noted for its enterprise, having a special car to convey them home.

The work of conferring the Rank of Knight was performed separately by the superb team of Fidelity Lodge, No. 15, of Coshocton, and the team of White Cross Lodge No. 308 of Johnstown, each performing the rank on a portion of the candidates. The work done by both teams was very fine and elicited unusual comments of praise. The Coshocton Lodge excelled in the King and floor work or drill, and the Johnstown Lodge excelled in the King and the Senate.

During the evening session, which was presided over by Chancellor Commander George Dayton, short addresses were made by Grand Chancellor Ellenwood and Grand Keeper of Records and Seal Beatty.

At the conclusion of the work a bounteous and delicious lunch, consisting of hot coffee, sandwiches, cheese, pickles, cake and ice cream was served to all present in the banquet hall.

Thus ended one of the most delightful and profitable Pythian conventions. The hall of old 13 has been newly papered throughout by Brother Frank Place of this city, and presents a beautiful and attractive appearance as the result of his superior skill and workmanship.

During the latter part of the evening, and after the conclusion of the banquet, a dance was held at Brennan's hall by Licking Company. U. R. K. P., which was well attended and heartily enjoyed by all present.

THE SICK

Mrs. Frances Beatty is lying very ill with grip in East Newark.

East Liberty. Feb. 28.—Today's cat-light, steady, hog light, active-sleep, fair, lower.

Harry Dempsey, B & O fireman, 41 South Morris street, is quite ill.

Mrs. D. W. Scott has been the guest of her daughter, Mrs. J. C. McCray of Newark, for the past two weeks. Pataskala Standard.

WIND STORM

OF GREAT BEAUTY VISITED CLEVELAND LAST NIGHT—MILL DESTROYED AND A CHURCH UNROOFED.

Cleveland, Feb. 28.—This city was visited by a wind storm last night which at times reached a velocity of 80 miles an hour. Buildings were unroofed, electric wires laid low, and windows were broken. The Britton tin plate mill was entirely demolished. The roof was blown off Miles Park Avenue church, a handsome structure. There were no casualties, but thousands of dollars damage resulted.

SEVERAL CHANGES

TAKE PLACE SATURDAY IN THE B. & O. OFFICES.

A. L. Thomas Resigns to Go With Thomas Company, and Dudley Smith Becomes Time Keeper.

AT A NUMBER OF CHANGES IN THE CLERICAL FORCE OF THE B. & O. HAVE BEEN MADE WHICH WILL GO INTO EFFECT MARCH 1ST.

Mr. A. L. Thomas who for a number of years has been the efficient time keeper for the transportation department, has resigned and his place will be taken by Mr. Dudley R. Smith, who is accountant in the time keeper's office at present. Will C. Kuster will take Mr. Smith's place, while Ray Boring will come from the machinery department and take the position of assistant time keeper to Mr. Smith.

Ed C. Miller has been promoted from clerk in General Foreman Nellis' office to a position in the office of Superintendent of Motive Power, W. S. Haines' office.

Clyde Higgs has been transferred from the transportation department to the machinery department.

At the 18-months-old Springfield—With her 18-months-old babe pressed against her bosom Mary Rhea was married to Wesley Brooks by Squire Brydon last evening. The woman was asked if she did not want to lay the infant on a lounge, but she refused. Her home is in Kentucky, and she came here to wed the man she loved.

Mr. Vernon—Barney Stull of Centerburg, on Thursday filed a sensational suit at Mt. Vernon for damages against Jacob Higgins. In his petition he alleges that the defendant seduced his wife, Dora Stall, on January 28, 1902, and at divers other times, and alienated her affections, to the damage of \$7,000.

Mt. Vernon—On Wednesday, Dr. E. C. Beggs received a young coyote or prairie dog from a brother residing in Kansas. Dr. Beggs will have a cage built and will keep the animal as a pet.

LOCAL RAILWAY ITEMS.

For the year 1901 the Pan Handle railroad carried 5,214,497 passengers and the total revenue from passenger traffic was \$1,948,491. All the lines of the Pennsylvania company west of Pittsburgh including the Cleveland and Pittsburg, carried 7,681,223 revenue paying passengers, and the total earnings from passenger traffic amounted to \$4,425,888.

This morning two more of those handsome passenger coaches, being turned out of the paint shop at Zanesville, for the Baltimore and Ohio railroad company, arrived here and were taken to Columbus on 147, and will be the first new cars to be run between Newark and Cincinnati. The cars while here attracted considerable attention, and were much admired by all who saw them. The cars are painted in the regulation color, a beautiful brown, with a handsome gold band running the entire length of the car, ornamented with a beautiful scroll, while the corner posts are stripped in gold, as are the trucks of the cars.

Conductor C. E. Murray of the C. O. division, is off duty on leave of absence for a few days.

Brakeman Johnson of the L. E. division, is laying off for a short time, taking a rest.

Conductor Keno of the C. O. division, is off on leave of absence.

Brakeman Elmer of the L. E. division, after having been off duty for some days, has returned to work.

Conductor A. K. Hall of the C. O. division, after a short leave of absence, has returned to work.

Conductor G. W. Dodson of the L. E. division, is laying off for a few days.

Brakeman E. S. Powell has been marked up for work after having been off for a short time.

Conductor J. E. Woodard of the C. O. division, is off duty on leave of absence.

Brakeman Fuller of the L. E. division, is resting for a few days.

NOTICE.

UPON EXAMINATION THE CASE REPORT IS AS FOLLOWS:

Brakeman Fuller of the L. E. division, is resting for a few days.

CONDUCTOR HENRY DAY, M. D., Health Officer.
